

BIOGRAPHIES OF CANDIDATES

2019 - Communications and Consultation (C&C) Group Election – MGT/XMT representative

Pascale Bolduc-Wégimont

I've been with Canada Post for over 20 years and had the opportunity to be part of two major sales groups, namely Business Sales and Retail Sales. As part of my professional duties, I get to meet lots of people among our unionized, management and exempt employees. I'm very aware of internal issues and, despite my limited expertise with the position in question, I believe this challenge would be rewarding for all parties.

Marco Legault

Today, as is the case for most of us, the value of my accumulated earned pension benefits over the past 30 years is by far the largest asset my wife and I will have established in our lifetime, thus my keen interest in submitting my name. I recognize the promise made to us since day one of our careers has ended up creating a monumental obligation for our employer and the government of Canada. Considering the amounts at stake, it is essential that we as employees, be at the table to discuss any retroactive changes to our benefits and compensation.

Note: Candidates are listed in alphabetical order. Canada Post shall not be held responsible for the accuracy of information in the biographies of the candidates or for any communications by the candidates during the election period.
